

5.2. Environmental Policy

Policy Statement

Multi Trade Solutions Pty Ltd is committed to minimising its impact on the environment in all activities it performs. In line with this commitment Multi Trade Solutions Pty Ltd has implemented a systematic approach to controlling its environmental "footprint". Environmental impact is a primary focus for Multi Trade Solutions Pty Ltd and we will strive to set in place procedures to minimise the environmental impact of our operations. Resources in line with the importance attached to our environment will be made available to comply with all relevant Acts and Regulations. Multi Trade Solutions Pty Ltd will ensure that it minimises its impact on the environment through effective assessment and control of environmental risks and continual improvement of its processes. Multi Trade Solutions Pty have developed this Environmental Management System to further realise its opportunities, manage risks to the environment, encourage a culture of recycling and reuse of materials.

Policy scope

Multi Trade Solutions Pty Ltd requires all workers to comply with this policy and the procedures and directions that support it. The scope of this policy extends to include the business conducted by the company and its workers on other sites. This Environmental Policy is applicable to all Multi Trade Solutions Pty Ltd operations and covers all our products and services.

Policy Implementation

Multi Trade Solutions Pty Ltd is dedicated to ensuring that the protection of all aspects of the environment is a prime consideration in all of its activities, therefore the following items relating to possible environmental hazards, which may be encountered by Multi Trade Solutions Pty Ltd workers have been implemented.

In pursuit of its environmental policy Multi Trade Solutions Pty Ltd will:

- Promote environmental awareness & responsibility among workers by providing information and training to workers.
- Promote the principles & practices of environmental responsibility by providing adequate information & instruction to our workers by clearly defining all environmental objectives and working closely to monitor the implementation and performance of these objectives.
- Maintain a Safety Data Sheet register for reference in the correct handling use, disposal and recycling of materials and substances.
- Identify, monitor and report on its community, legal and ethical environmental obligations.
- Strive for environmental best practice by meeting set targets and searching for continuous improvement.
- Develop site specific environmental procedures within our site management plans.
- Setting and reviewing of objectives and targets to minimise the effects of pollution from the operations of Multi Trade Solutions Pty Ltd.
- Make Multi Trade Solutions Pty Ltd Environmental Policy available to the public and communicate this policy to all workers of Multi Trade Solutions.

Environmental Objectives

Multi Trade Solutions Pty Ltd environmental systems focus on many objectives, the primary being:

- Achieve ISO 14001: 2016 Certification.
- Maintain current electricity consumption levels at the office and onsite
- Reduce waste generated from installation, construction & demolition process being directed to landfill
- Ensure all workers are trained in the EMS.

Consultation

This policy is endorsed by the Director of Multi Trade Solutions Pty Ltd. This policy is implemented, maintained and communicated to all workers.
